Dear Ms Duncan-Burrell,

This letter is in regards to the June 19, 2014 compliance check of your Category B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(1)a Numbers for police, fire, ambulance, poison information posted by phone.

☐ 110.5(1)a Numbers for each child's parent, physician, and a responsible person are accessible by the phone.

☐ 110.5(1)b All medicines and poisonous, toxic, or otherwise unsafe materials are secured from access by a child.

☐ 110.5(1)e All accessible electrical outlets are safely capped.

☐ 110.5(1)j Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits.

☐ 110.5(1)j The plans shall clearly map building evacuation routes in case of fire, a safe place indoors in case of tornado, and flood shelter areas.

☐ 110.5(1)m Has not less than one **2A 10BC** rated fire extinguisher in a visible and readily accessible place on each child-occupied floor.

Make sure to check the classification on the box or extinguisher to make sure it is large enough, 2A 10 BC or larger. You must have one in your residence and cannot rely on the extinguisher in the stairwell.

☐ 110.5(1)o Nonsmoking signs posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone # for reporting complaints, and www.iowasmokefreeair.gov.

☐ 110.5(1)s The provider has completed training in CPR for infants, toddlers, and children. Documentation of current certification is on file.

Please keep a provider file or folder and make sure that you have all current training certificates, verification of current CPR, etc. If you cannot find your CPR card, you will need to retake the course. If you need assistance locating a CPR training or any other classes please contact Child Care Resource and Referral at 1-800-722-7619.

110.5(2) A provider file is maintained and contains:

☐ 110.5(2)b Certificates or training verification documentation for:

☐ 110.5(2)b Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.)

☐ 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

☐ 110.5(2)b During the first year of registration – 12 hours of approved training. At least six hours shall be in a group setting. Two of the twelve hours must be health and safety training. A specific training shall not be used to meet requirements more than one time every five years.

☐ 110.5(2)b During the second year of registration and each succeeding year, twelve hours of approved training. At least six hours shall be in a group setting. If the provider has documentation of completing the ChildNet, PITC, or Beyond Business Basics series, these hours may be used to fulfill two year's training requirements, not including first aid and mandatory reporter training. A specific training shall not be used to meet requirements more than one time every five years.
